

Silent Gliss Move –
a New Dimension in Operation

The Whole Silent Gliss Range at Your Fingertips!

Operate curtains, blinds and other electric Silent Gliss systems from your smartphone, tablet or desktop. Whether you are at home or on the road, this reliable and intuitive app allows you to program automatic opening and closing times. Alternatively, you can choose automatic sunrise and sunset programming.

Silent Gliss Move can be used together with remote control system Silent Gliss 9940 or as a complete alternative.

All Silent Gliss systems featuring 9940 receivers can be controlled with Silent Gliss Move – offering almost endless operation possibilities.

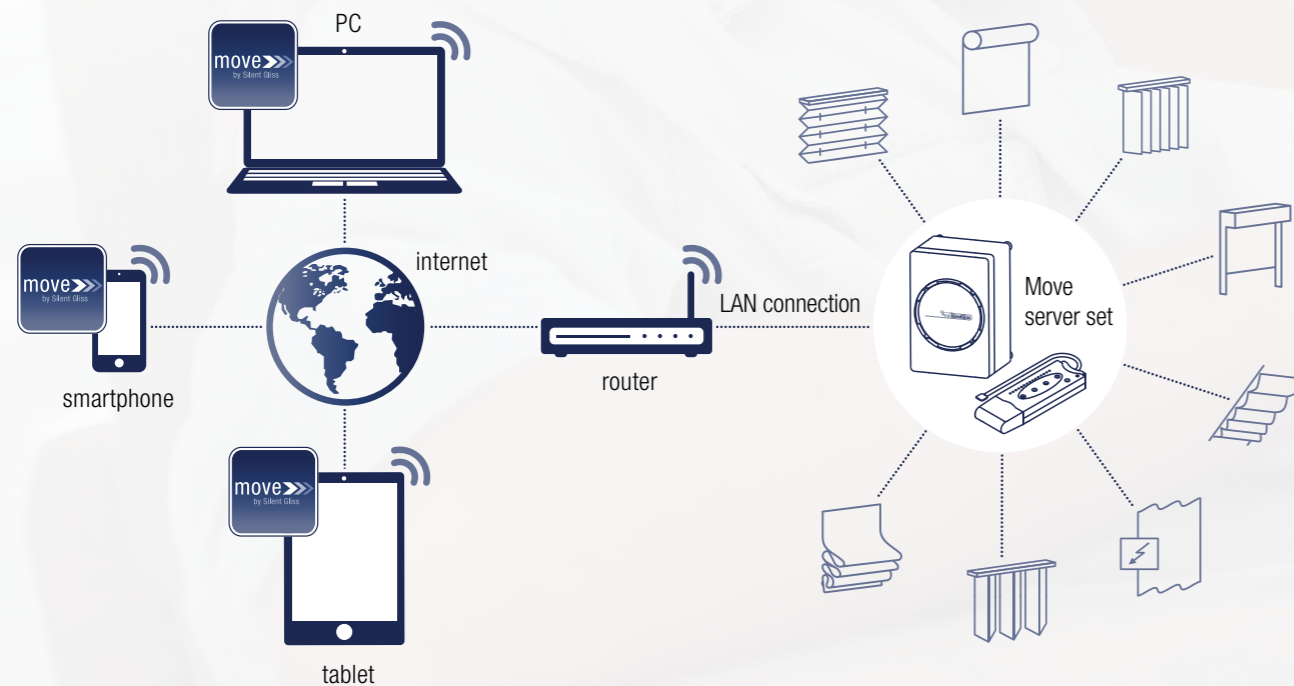

Download the Move app in the Apple App Store, Google Play Store or Windows Store.

Hardware Required: Silent Gliss Move Server Set

The Move server set Silent Gliss 9960 (consisting of the server and transmitter stick) and the app software are required to operate motorised Silent Gliss systems through smartphone, tablet and desktop. The transmitter stick features 15 programmable channels.

With Silent Gliss Move You Have Total Control

Key Features

Scenes

Scene mode allows you to group products together from different rooms for operation according to programmed opening and closing times, sunrise and sunset or optional sensors – at the touch of a single button.

Rooms
